We are so proud of our Youth United Way Group!

Youth United Way is constantly impressing us with all of their hard work and dedication. June 5, they were recognized for their work to support the local community and received an honorable mention in the annual Student United Way awards competition hosted by United Way Worldwide. Youth United received the honor for their work in support of Empty Bowls Dinner- an event to raise money for local hunger

programs. The 25-member group raised more than \$2,700 at the event and helped educate the community about hunger.

"We are so proud of our Youth United, here at our local United Way. This group of young students really understand the culture of philanthropy and the importance of taking the time to give back in a meaningful way for the betterment of their community."

- Jessica Ryan, Executive Director, United Way of Washington County East

THANK YOU Youth United Way, for all the hard work you continue to do.

MEET OUR STAFF!

Lou Engwer
Office Volunteer

Lou Engwer has been a volunteer with UWWCE since the fall of 2009. She brings with her almost 20 years of banking experience. She has helped with many UWWCE events, mailings, organizing agency paperwork and just about anything else that is asked of her. Lou has been a Stillwater resident since 1980 and raised her daughter here. She has volunteered with many other organizations in the community before coming to the UWWCE office. She enjoys golfing, reading, playing almost any game, puzzles, the MN Vikings, and her family. She loves living in Lake Elmo with her husband Scott of 15 years. They have 5 children together and 10 grandchildren. We're so appreciative for everything Lou does! She is a great volunteer!

Agency Spotlight - Hope House

Hope House of St. Croix Valley was founded in 1991 by two St. Croix Valley residents. Their research on AIDS housing found that people living with AIDS were an almost invisible group receiving the least amount of services in Washington County and that Minnesotans with AIDS had few housing opportunities.

The Mission of Hope House of St. Croix Valley is to provide a nonjudgmental home with compassionate care that respects the dignity of people with HIV/AIDS. Incorporated as a 501 c3 in 1991, Hope House welcomed its first client in December 1993. Since 1993 Hope House has provided a safe home for 86 individuals living with HIV who could no longer independently.

The only requirement to become a resident at Hope House is if you are HIV positive. Age, gender, income requirements nor ethnicity play a role in determining your eligibility. Hope House serves primarily individuals who are low-income and who may be at risk for a nursing home placement or who are at risk of homelessness.

Hope House is formally involved in multiple projects to end new HIV infections and serve individuals living with HIV/AIDS in Minnesota. Hope House currently collaborates with Clare Housing, Minnesota AIDS Project, Rural AIDS Action Network, African American AIDS Task Force, Hennepin County Positive Care Center, Minnesota Department of Health, Department of Health and Human Services, ARRM, Youth Services Bureau, and the Washington County Department of Human Services.

Hope House provides a 24 hour 7 day a week awake environment for residents with a variety of health needs as a result of HIV disease. It's not a surprise that after a few months at Hope House, resident's health outcomes improve and residents begin to reengage in life, regain their independence which positively improves their overall quality of life. The future focus of Hope House as an agency is to provide an environment where clients have improved personal health outcomes which can be correlated to increased independence and a higher quality of life.
