"No one person or program can do this alone, that is why we need our local United Way."

Peter, Courage St. Croix

"Many in this area live comfortably so it's easy to forget that there are many who need help. Cutbacks, unemployment, foreclosures and loss of health care put stress on families. Living United we all help meet those needs."

Jerry, AFSCME, Stillwater

United Way of Washington County East 

**BUILDING BETTER
LIVES**

**Join us in
Living United,
right here
in our community.**

**Because it's OUR
community, and OUR
UNITED WAY.**

United Way of Washington County - East unites our community and local resources to give each person the opportunity to build a better life. We focus our funding to:

- **Increase Financial Stability & Meet Basic Needs**
- **Improve Health and Independence**
- **Promote Thriving Children and Youth**
- **Connect People to Services**

Support for your local United Way is an investment in our community. It means that your neighbors—right here in the heart of Washington County—have help available when needed most.

“United we stand, divided we make a mess.”
Karla, Senior Center

“Every child deserves a chance.”
Caitlin & Parker, Youth United Way

“I have learned over the years that life can present many challenges, and that it is important to have community resources in place to help an individual deal with those challenges. I want to do my part, in whatever way I can, to contribute to that.”
Mark, Grant

BUILDING BETTER LIVES

Our community has been deeply affected by the current economic conditions. As we all tighten our belts, we also reflect on other community members who can't tighten their belts any further. Hard working families have lost jobs and need help to keep the electricity on. Neighbors have health issues and can't afford health insurance or medical treatment. Many struggle with depression or disability. Elders lack transportation to go to the doctor, or the store. Cupboards are empty and neighbors are seeking assistance, often for the first time. Our agency partners are experiencing a dramatic increase in demand for essential programs and services.

It's time to respond.

Serving the heart of Washington County for more than 60 years, United Way of Washington County-East is responding and uniting our community to face these challenges and keep our community strong. Fueled by hundreds of local volunteers who serve tirelessly and participate in funding decisions, we work to create opportunities for each person to build a better life.

We invite you to join us in Living United. We ask you to give generously. Because when we reach out a hand to one, we influence the condition of all. Because it's OUR community, it's OUR United Way.

Your support helps ensure that...

- A safety net of food, shelter and financial assistance is available when needed most.
- Neighbors who are elderly or with disabilities are less isolated because they have transportation available to get to the doctor, or to the store.
- Job programs and credit counseling give hard-working people hope and future financial stability.
- Our youth have positive activities and alternatives available so they can thrive.
- Individuals and families can access affordable health care, health insurance and prescription medications.
- Youth who are at-risk get counseling and support to get back on track.
- Emergency and crisis services support and sustain individuals and families when the unthinkable happens.
- Family caregivers get support, respite care and relief so they can better care for their loved ones.
- **Each person has the opportunity to build a better life, and our community stays caring and strong.**
