

Help Make a Difference and Donate Today!

Greetings,

I hope this note finds you safe and healthy. During this uncertain and uncomfortable time, we continue to be humbled by our community and the incredible support you have given during this time.

This past week we experienced a high volume of calls from families in Washington County through our 211-program. Most of the calls were concerning housing, food, healthcare questions and COVID-19 related concerns. Some of our local partner agencies are seeing increases in programs and services and we are committed to funding and support their program stability.

Last week 40 volunteers came together virtually to make funding decisions on behalf of our United Way and I'm so proud of this work. It's no surprise that walking through this process during a pandemic was unique, however, it became even more crystal clear how critical our funding is for our community.

We continue to serve as the local organization that provides the most updated information on local support, Washington County and COVID-19 related information. Stay updated at www.uwwce.org.

If you would like to offer help to continue to support our mission and the work our partnering agencies are doing, please donate at www.uwwce.org/donate. Your financial support is appreciated!

Thank you,

Jessica, Lois, Kelly, and Lauren
