**We are incredibly thankful for our community and the meaningful impact being made in Washington County for 70 years!**

## 2020 Campaign

Each year we disburse 80% of our funds raised to support community-wide programs through our agency partners focused on Basic Needs, Self-Sufficiency, Health and Youth. The requests this year of **\$940,000**, were far more than in previous years.

Our goal is to raise **\$700,000** and your gift will help in achieving this goal.

Our agencies need us, and we need them! This year's financial gift is especially important, and I'm asking that you give with a generous heart.

### Ways to Give:
