

United Way of Washington County-East 2021 Annual Report

A LETTER FROM THE BOARD PRESIDENT AND EXECUTIVE DIRECTOR

Dear Donors and Partners, I want to take this opportunity to recognize you and our volunteers for your continued generous support. I have spent some time reflecting on how even the smallest acts of kindness have the most impact on someone's life. We are deeply connected by the compassionate actions of our community members, and I believe we truly have something special here in Washington County.

The United Way of Washington County East remains at the forefront of community-wide issues and supporting our local agencies. We continue to strive to disburse at least 75% of our funds to support: Basic Needs, Health, Self-Sufficiency and Youth programs and services.

I'm so proud of our fantastic team and Board of Directors that helped support initiatives for our organization to sustain a strong level of community funding. I'm grateful we were able to host our United by the Vine signature fundraising event raising nearly \$65,000 and host our leadership breakfast that raised a record-breaking \$15,000! We were an organization that benefited from COVID relief funding, including the PPP and ERC forgiveness loans, so we could maintain our level of disbursements to Washington County agencies.

We continue to have a deep sense of pride for our organization and the community that helps us act as a pillar to our local agencies so they can provide necessary programs and services.

Thank you for your trust and commitment to your local United Way.

DAN STARRY
Washington County Sheriff
Board of Directors President-

Jessica Ryan
Executive Director
United Way of Washington County - East

PARTNER AGENCIES

For over 70 years, United Way of Washington County - East has worked to fulfill its mission to unite our community and local resources to give each person the opportunity to build a better life.

With your support, we've improved the lives of thousands of individuals and families. Your donations help us fund programs to serve the priority needs in our community. Together, we can produce big results.

Mission: A caring, engaged and vibrant community, a place where each person has a stable foundation for today, and a hopeful future.

UNITED WAY OF WASHINGTON COUNTY-EAST

IMPACT AT A GLANCE

\$643,085
Raised in our Annual Campaign

\$47,857

Raised by the Annual Stuff the Bus School Supply Drive

\$377,252

Was raised in residential giving

\$56,922

Was raised from workplace giving

\$520,000

Was distributed to our partnering agencies

YOUTH

Ensure that our children and youth can thrive, today and in the future.

BASIC NEEDS

Provide basic needs and financial stability, especially in these unpredictable economic times.

SELF-SUFFICIENCY

Support self-sufficiency and connect people to the services they need.

HEALTH

Improve health and independence, especially for those who are elderly, have disabilities, and/or who struggle with mental or physical illness.

A chance to succeed, to be part of a team, development, enrichment and skills for life.

\$110,000 Distributed

20 Youth with intellectual and/or developmental disabilities were provided the opportunity to develop important social and life skills, maximizing their potential to be socially independent, healthy, thriving, and productive members of the community.

538 Youth received outpatient medical rehabilitation such as physical, occupational and speech therapies.

156 Students were tutored with personalized, evidence-based literacy interventions so that they did not continue to fall behind and to reach 3rd grade readiness for reading.

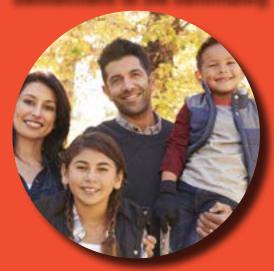

505 Students participated in a 6-week Voices in Prevention curriculum that engages youth in understanding violence, empathy, gender socialization, emotional regulation, communication and creating change.

564 Youth received early intervention, substance prevention, diversion, community education and youth mental health support.

Support for the elderly or those disabled with transportation and connections to the community.

\$144,999 Distributed

189 Domestic violence victims were offered free legal services in criminal court and Orders for Protection.

335 Senior Citizens felt empowered and were provided with the tools and support systems necessary to maintain their independence, safely and with dignity.

164 Iindividuals were offered comprehensive services to better help them achieve independence, and were provided a full range of high-quality services in civil matters which enables them to enforce their legal rights.

653 Individuals utilized transportations services to connect them to services and support independence.

A place to sleep, food in the cupboard, and emergency financial assistance.

\$145,000 Distributed

More than 1,460,000

Pounds of food distributed - the equivalent of nearly **1,215,000** meals.

27 Individuals were provided shelter (transitional or permanent housing) and/or permanent supportive housing for single mothers in recovery, as well as rental subsidies, outreach, and coordination.

48 Families were provided with shelter and counseled through the path of homelessness to stability.

10 Families were provided rapid-rehousing to support families experiencing homelessness, including food, clothing and household items, and the person-centered services essential to long-term stability.

49 Individuals received help with financial difficulties through Budget and Debt Counseling, Debt Management, Credit Report Review and Financial Education.

Access to healthcare and medicine for those that cannot afford it.

\$120,000 Distributed

540 Individuals received mental health interventions and treatments

1,594 Disabled individuals received therapies that cater to the person as a whole, including medical therapies, mental health, and fitness services as well as care coordination.

1,103 Caregivers were supported and equip so that that they could sustain the role as caregiver and maintain their own overall well-being.

154 Students received counseling and therapy services to help address a wide variety of mental health issues and guide those students towards a healthier present and future.

297 Individuals were assisted in enrolling into health care coverage and understanding of how to use and navigate the health care system and access community resources.

224 Individuals were provided with free dental care for uninsured and low-income individual.

Annually a group of more than 40 volunteers serve on the Community Investment committee, under UWWCE Board Member and Washington County Director of Community Corrections, Terry Thomas's leadership. This committee is responsible for making critical funding decisions on behalf of our United Way of Washington County - East through a formal review process including: the review of funding applications, conducting site visits and making recommendations for specific awards to the UWWCE Board of Directors.

Community Advancement consists of members of the United Way of Washington County East Board of Directors, healthcare professionals, Washington County

professionals, business professionals and community members. The vision for this group is to understand our partner agencies' current abilities, and their plans, to reach for community change. We can then invest in them and their programs more effectively.

We have a formal partnership with Washington County Public Health and Environment that manages a model that supports and measures the impact of our agencies utilizing Results Based Accountability (RBA). In 2021, a Diversity, Equity and Inclusion (DEI) committee was formed to better understand our partnering agencies and the work around diversity, equity and inclusion. A formal social significance statement as integrated part of our organization's business and a workplan was developed to support a 2-year strategic business plan. A new important component of the funding application was added regarding the represented work with Diversity, Equity and Inclusion to better understand the capacity of each organization around DEI, and the larger community. Each funded agency annually submits two impact reports, consisting of two quarterly and one final report. These reports are compiled and entered into a database that measures against our four funding/impact areas. These ongoing results will support decisions made regarding funding of partnering agencies and help keep them accountable for their development and continued progress of their program measurements.

WOMEN UNITED

Women UNITED is an affiliate program of the United Way of Washington County - East. This past year we have worked closely with our partnering agency, Valley Outreach, to help enhance our focus to support working single parents in Washington County by providing job-enhancing programs and workshops funded by scholarships. We continue to evolve this program from the inclusion of only single mothers to all single parents that are working to improve the lives of their families through bettering their employment opportunities and a stronger community safety net. A formal partnership with Valley Outreach, Tubman, Solid Ground and St. Andrew's Community Resource Center is in place to help promote and support this program.

Women UNITED is a group of women that have a common passion and a shared cause. Since 2016, 16 scholarships have been awarded.

YOUTH UNITED

In 1994, the United Way of Washington County - East formed the Youth United Way. The goal was to teach philanthropy to the next generation of donors and provide opportunities for youth to be involved in their home community. The Youth United Way program is youth-led, electing their own president (or copresidents) who serve on the United Way of Washington County-East board of directors. They are a peer-led group, determining their own community priorities and activities with guidance from United Way staff and volunteers. The Youth United Way program provides a unique and valuable experience in organizing, volunteering, time management, leadership and philanthropy for a wide variety of teens in grades 6-12. The group holds their own fundraiser each year, with their largest and most substantial event the annual Empty Bowls Dinner to raise money for the local hunger programs. The goal of this event, which takes place every March, is to raise awareness that hunger can exist in our own community. Funds raised by the Youth United Way are distributed through their own grant/community investment process. As a group, they review all funding requests and make funding decisions.

Youth United Way accepts applications from local youth and hunger organizations and allocates the money raised throughout the year to the organizations based right in the Stillwater Area. Youth United Way has raised and allocated more than \$20,000 to local youth and hunger programs in the Stillwater Area. They help support feeding the hungry in our community through Valley Outreach, provide school based services aimed at preventing and reducing youth chemical use through the Youth Service Bureau, horseback riding to people with disabilities through Courage Kenny Riders, school based mental health with help from Family Means, and other programs supported by our partner organizations.

KAY CLINT & EMERGING NEEDS

The Kay Clint Fund for Emerging Needs, named for the first executive director of the United Way of Washington County - East, provides outreach support in the form of a grant to the community and provides a more immediate source of funding for emerging needs and supports new and innovative programs.

A group of volunteers lead the grants process including reviewing grant applications, and making recommendations for awards. These grants are reviewed and approved by the group of Kay Clint volunteers.

Recent grants have included:

 \$5,000 Bridge to Books - Their mission is to financially support the Imagination Library program in our area by covering the costs of the books provided. In doing so, they commit themselves to foster a love of reading, to treat every child and family with respect, and to invest in the imaginations and future of our youngest community members.
